PRESS

and TURN

SIMPLE PROCESS TO ENSURE THE CABLE DURABILITY
AND INCREASE THE SAFETY OF THE OPERATOR

PLUG

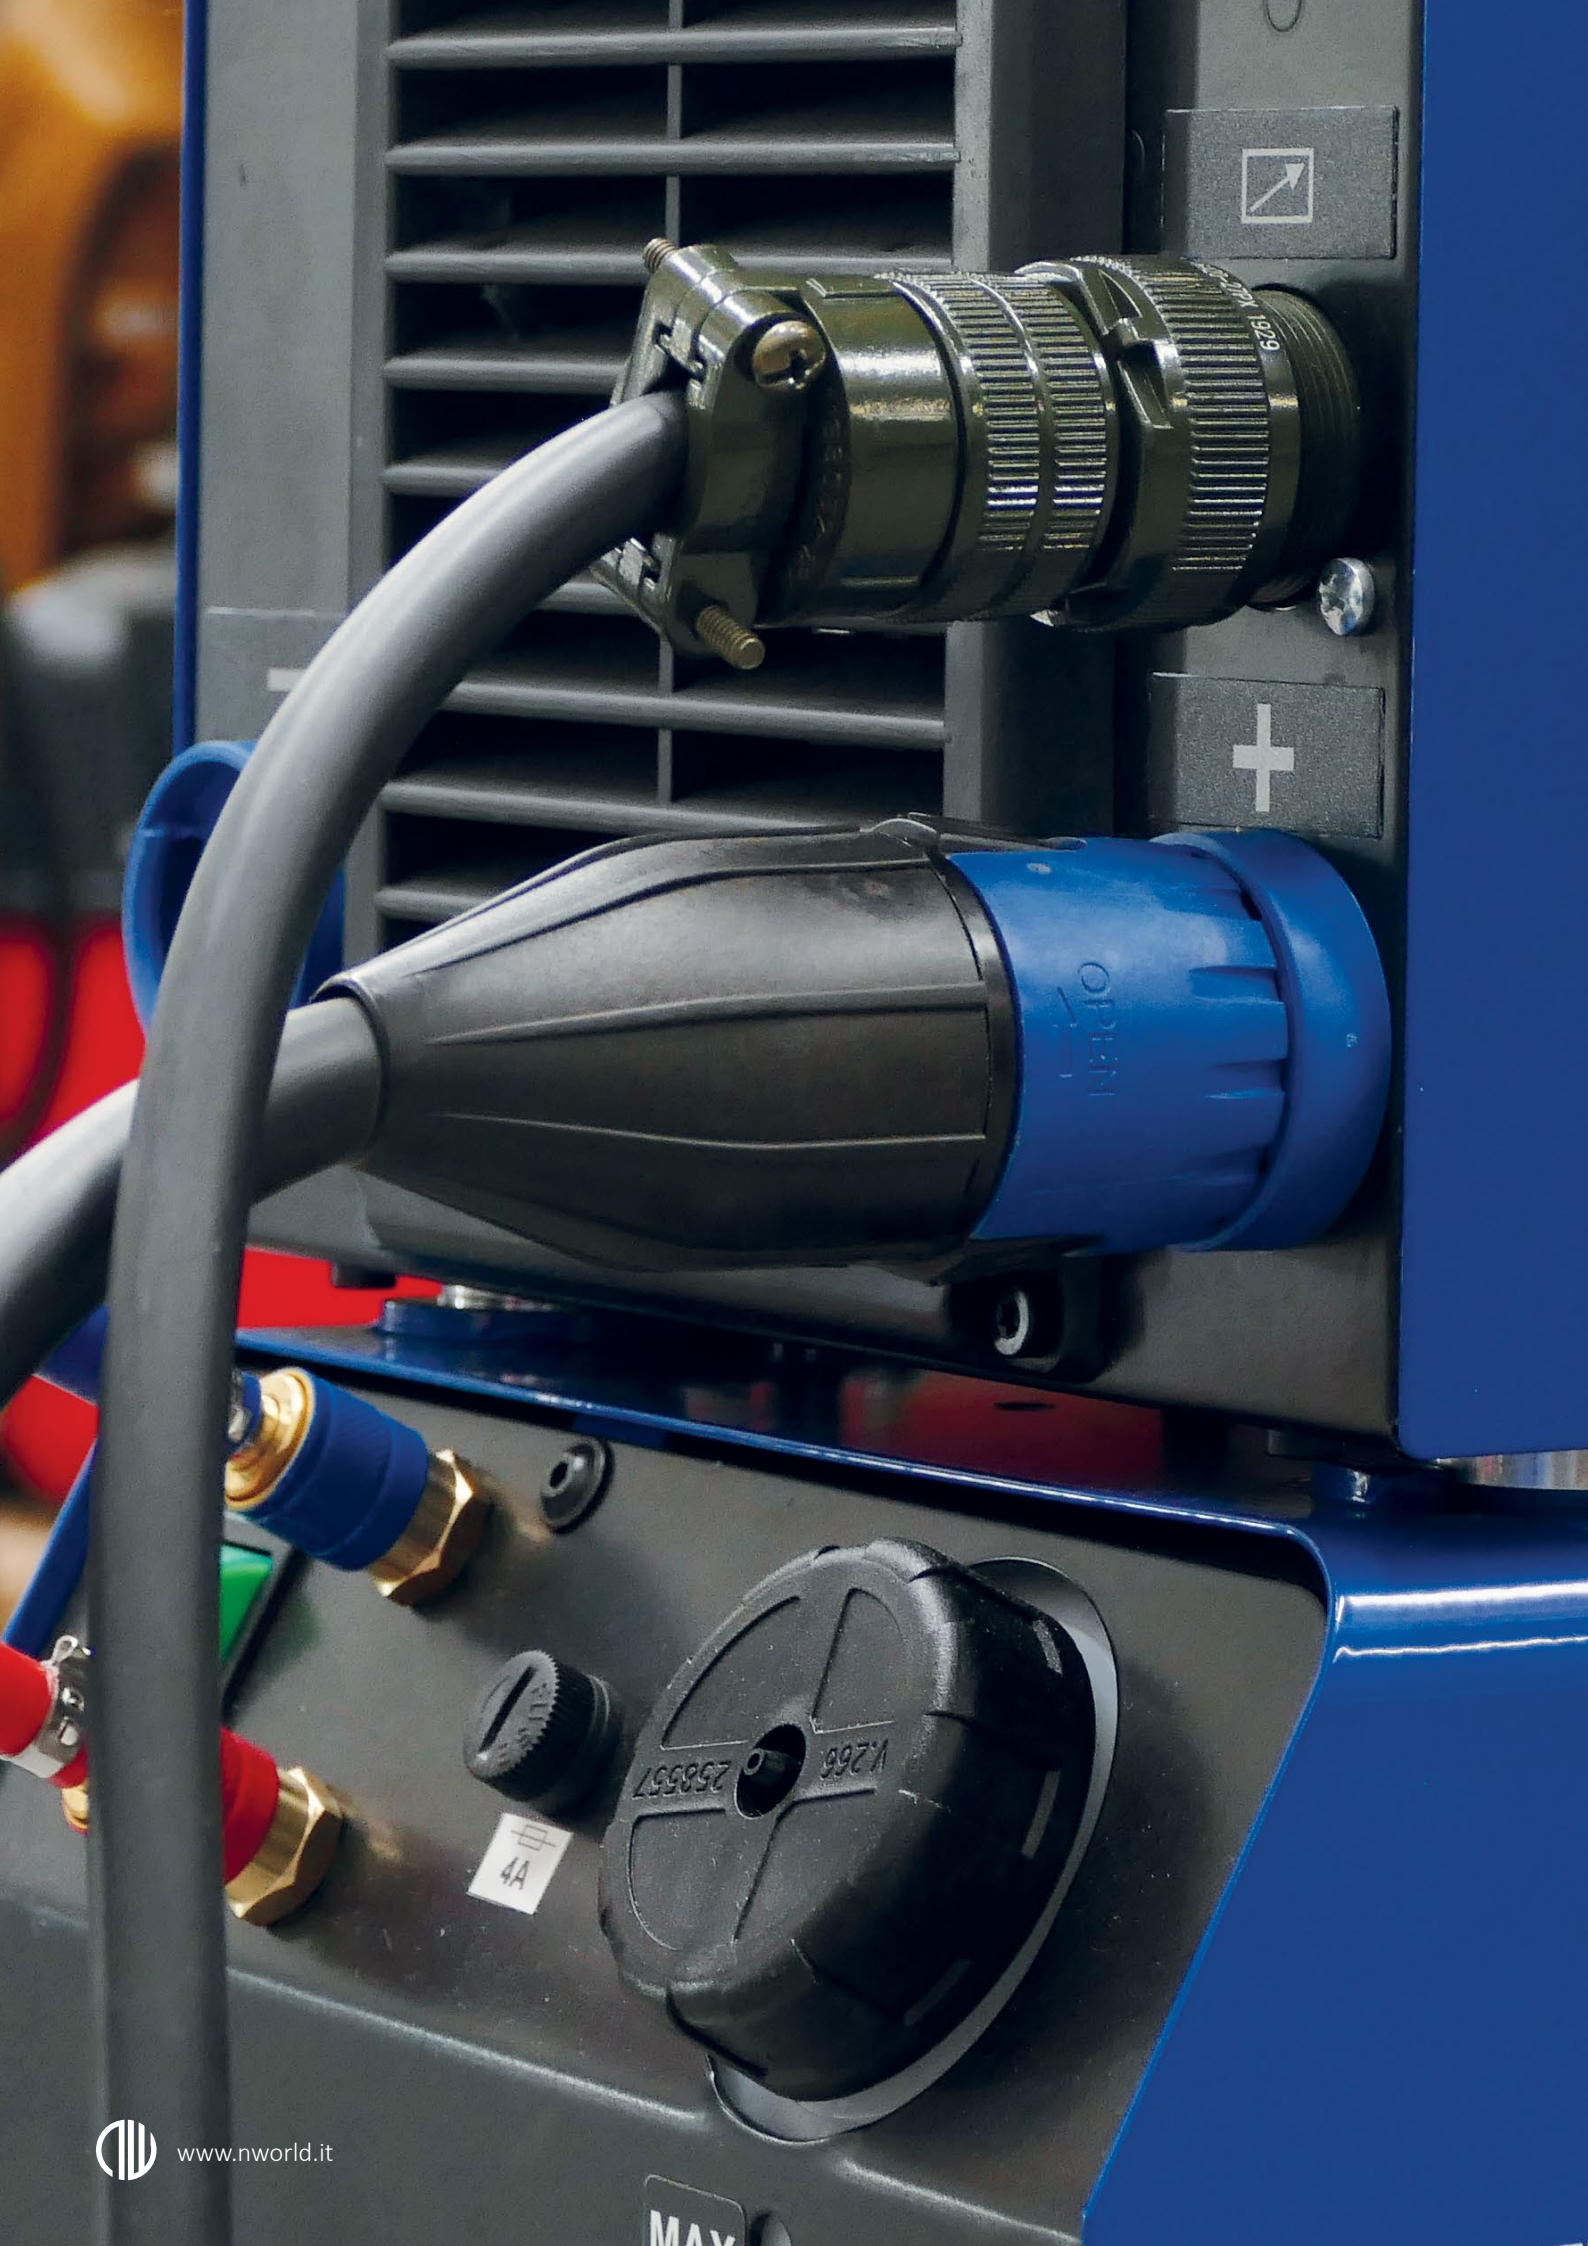

PRESS

TURN

Pressing the two buttons on both sides and turning the body of the adaptor, you'll lock the cable to the socket. Only with another mechanical procedure, made just by the hand of the operator, you can easily disconnect the adaptor and separate the cable from the socket. That's the simple revolution.

CONNECTORS

Connectors for standard and earth cable. Available for fly male or female connectors (35/50/70/95 mm²) and for panel male or female connectors (35/50/70/95 mm²)

CONNECTORS

Connectors for coaxial cable next generation. Available for fly male or female connectors (35/50/70/95 mm²) and for panel male or female connectors (35/50/70/95 mm²)

CENTRAL ADAPTOR

Fly and panel connection with central adaptor all in one. Adaptable on both generator and wire feeder side

CENTRAL ADAPTOR

Central adaptor to connect one cable to the other one, or to repair the cable.

Blue parts can be changed to other colours on request

STANDARD AND GROUND CABLES

Wire feeder side

Machine side

TURN ^{to the}
FUTURE

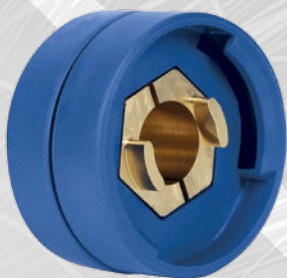

FLY MALE ADAPTOR

Male adaptor for standard cable, air and water cooling

FLY FEMALE ADAPTOR

Female adaptor for standard cable, air and water cooling

FEMALE PANEL

Can be adapted to any generator and feeder into the world market, without making any changes.

MALE PANEL

Can be adapted to any generator and feeder into the world market, without making any changes.

COAXIAL CABLES

Easy to connect

Impossible to disconnect without pressing the two safety buttons

Possibility to extend the cables, or rejoin them after a break

TURN ^{to the}
FUTURE

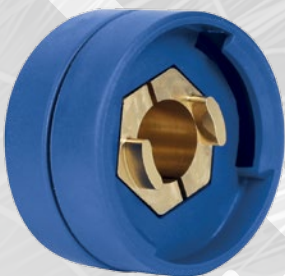

COAX FLY MALE ADAPTOR

Male adaptor for coaxial cable.

COAX FLY FEMALE ADAPTOR

Female adaptor for coaxial cable.

PANEL FEMALE

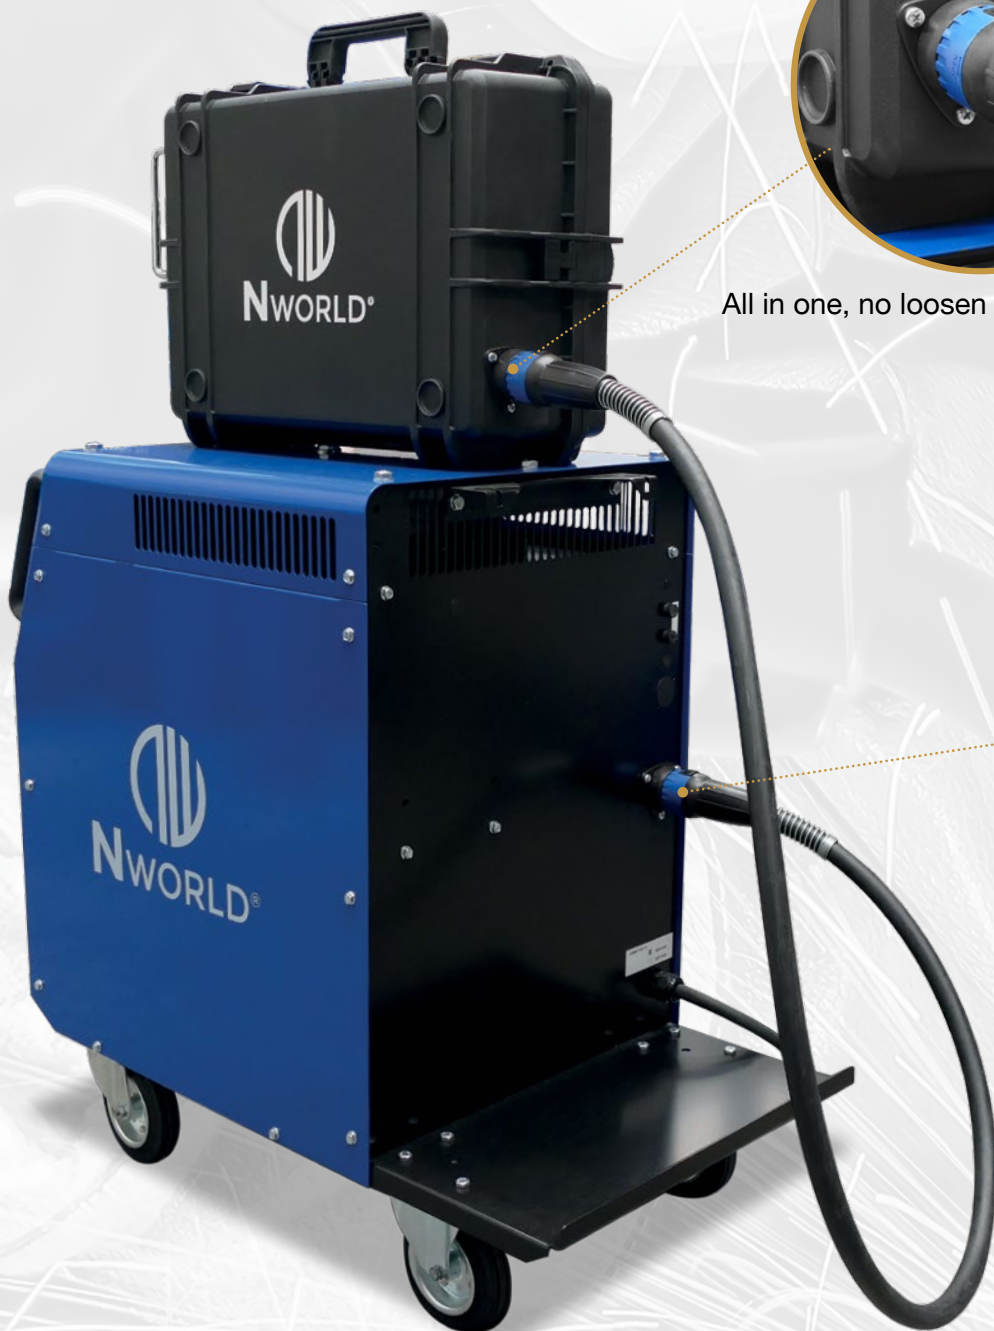

Can be adapted to any generator and feeder into the world market, without making any changes.

PANEL MALE

Can be adapted to any generator and feeder into the world market, without making any changes.

FLY AND PANEL

All in one, no loosen wires and gas tube

One shot, security gas valve

TURN to the
FUTURE

FLY MALE CENTRAL ADAPTOR

Male adaptor for coaxial cable.

SPECIAL FLY F/M CENTRAL ADAPTOR

Special central F/M adaptor for coax cable

PANEL CENTRAL FEMALE

Female Panel central adaptor, with security gas valve.

PANEL CENTRAL MALE

Male Panel central adaptor.

CENTRAL ADAPTOR

TURN to the FUTURE

One connection, no fragile parts

Able to extend cables without external adapters, with a single click

FLY MALE CENTRAL ADAPTOR
Male adaptor for coaxial cable.

SPECIAL FLY F/M CENTRAL ADAPTOR
Special central F/M adaptor for coax cable

FLY FEMALE CENTRAL ADAPTOR
Female Panel central adaptor, with security gas valve.
